# Welcome to Fletcher Lake Lodge

We offer exceptional Canadian Fly-In fishing and hunting packages. Our remote location is only accessible by traditional Canadian Bushplanes. This remote setting ensures exceptional trophy fishing and hunting. We are located in the unique Trophy Waters area north of Kenora Ontario.

Fletcher Lake Lodge is a modern resort which provides guests with a choice of an American Plan Package or a Housekeeping Package.

Our staff is committed to providing exceptional and personal service. Leave your worries at home, as a vacation at one of our wonderful location will be one to remember. Year after year our existing clients return to Fletcher Lake Lodge making us a part of their tradition. We have developed several friendships over the years with our clients and wish to do the same with your party. We welcome you to our neck the woods.

# About Us

Fletcher Lake Lodge was established in the mid 1960's. We purchased the lodge in 1982 and have been active in its management ever since.

In 1995 the resort implemented a conservation fishing practice. This implementation was to ensure a healthy fishery for years to come. Five years later the Trophy Waters program was introduced. Fletcher Lake Lodge became a proud member of the program and assisted with its inception.

By 2006 many renovations were completed at the resort. Cabins were either rebuilt or transformed into modern comfortable accommodations. We continue to update and maintain the resorts infrastructure to excellent standards.

Our fishery continues to produce several trophy fish each year, we attribute this to our continued membership in the Trophy Waters program. Our commitment to our guests, resort, fishery and environment has helped achieve an astounding guest return rate. We have been providing a first class operation for over thirty years and welcome you to come share it with us.

*Jeanne MacLean*

## Trophy Waters

Fletcher Lake Lodge along with other outfitters in the area has teamed up with the Ontario Government to create the unique TROPHY WATERS program. This geographical area is entirely a conservation fishery. This conservation practice ensures many trophy fish in our lakes for you and future generations. Since inception we have seen increased numbers of trophy fish caught and released back into our waters. This practice has been the driving force in setting us apart from many other regions. We are proud to offer fisherman this unique angling experience. The TROPHY WATERS area of Canada sets the bar at a higher level.

**"We've been coming up here for 6 years and keep coming back every year for incredible fishing, a beautiful, beautiful place to be...you can't beat it!"**  
**Ken Klauson-Gubrud**

# Fletcher Lake

Fletcher Lake is located fifty miles north of Kenora Ontario. It is part of a chain of lakes that form the south flowing Sturgeon River. This beautiful lake extends twelve miles from a vigorous rapid inlet to a spectacular waterfall to the south. The lake is approximately two and a half miles wide with depths up to one hundred and twenty feet. The north shore offers breathtaking scenic views of three hundred foot bluffs. Expansive bays and inlets offer many days of exploration. Weed beds, reefs, underwater rock piles and swift currents provide endless supply of fishing structure. Trophy sport fish; including, WALLEYE, SMALLMOUTH BASS, NORTHERN PIKE, MUSKIE and PERCH. There are no roadways accessing this remote lake ensuring guests at Fletcher Lake Lodge total exclusivity. Guests must embark on a traditional Canadian Bushplane to access to this spectacular setting.

GPS Coordinates:  
N 50° 24' 37"  
W 98° 31' 18"

## Portage Lakes

### Big Muskie & Small Muskie Lakes

These unique lakes are located just north of Fletcher Lake. They are accessible by a short portage on a clear cut trail. Boats and motors await guests for their fishing convenience. MUSKIE and PERCH are the only species to inhabit these lakes which creates a unique fishing experience.

### Trophy Lake

Trophy Lake is a catch and release lake located to the east of Fletcher Lake. A short portage on a clear cut trail makes this lake accessible. Boats and motors await the WALLEYE and NORTHERN PIKE enthusiast.

# Fletcher Lake Lodge

Fletcher Lake Lodge is a full service fly in fishing resort. Nestled into a quaint bay with a wonderful sand beach guests will be mesmerized by the expansive views to the northwest. Brilliant sunsets allow guests exceptional photo opportunities and a relaxed atmosphere.

Completely outfitted modern cabins provide accommodations for up to thirty guests. Each cabin varies in size, comfortably accommodating groups from two to twelve.

## Cabins are outfitted with:

- Full kitchen
- Living area
- Hot and cold running water
- Private bedroom
- Daily Maid Service
- Drinking water
- Wood or gas heating stove
- Private bathroom
- Cooling fan
- Outdoor deck
- All linens and towels

The main lodge houses a comfortable dining area and lounge where guests enjoy gourmet meals. A small confectionary is also available stocked with tackle, refreshments and other necessities. A state of the art water purification system, twenty-four hour diesel generated electricity, ice machine, minnow tank, wireless internet, and phone service all provide guests with home comfort at this remote setting.

A dock staff prepares you fully outfitted boat each morning ensuring you're ready to go after breakfast. A fourteen foot Lund outfitter boat equipped with new four stroke electric start outboard engine, swivel seats, landing net, bait bucket, cooler, and life jacket are supplied for every guest.

American plan and Housekeeping packages are both available at the resort.

American plan package includes all meals; a hearty breakfast, shore lunch or box lunch, and a gourmet dinner. Housekeeping plan guest can prepare their meals in the fully furnished kitchen in their cabin. Combination plans are available for your convenience.

Fletcher Lake Lodge is the only resort on the entire lake. Guests have the place to themselves. Fish for trophy WALLEYE, SMALLMOUTH BASS, NORTHERN PIKE and MUSKIE at Fletcher Lake Lodge.

**"My trip to Fletcher Lake Lodge... has to rank at the top of all my vacations EVER!"**  
**Bob Naber**

# Fishing

A Canadian Fly-In fishing vacation is a must for any angling enthusiast. Cool fast flowing waterways provide excellent habitat for Canadian sport fish. Trophy Walleye, Northern Pike, Smallmouth Bass, and Muskie are abundant in our waters.

Fletcher Lake has history of producing trophy fish. You can expect fast and furious action all season long. Early season, we fish shallow protected bays. We follow the fish a little deeper through the mid season. Eventually, deeper structured areas and mature weed beds in the later part of the season. Live bait is available for purchase however, a variety of artificial baits equally boast the same success rate.

Detailed maps are provided for every angler. We review the latest fishing trends for every species with each party. We then help develop a strategy to ensure success. We practice conservation fishing. Trophy fish are measured a quick picture taken and quickly released. Measurements are then used to produce a replica graphite mount. All of our trophy fish are recorded and published in an annual report. Anglers are rewarded with a bragging cap and certificate. A limited number of smaller fish may be kept for a traditional Canadian shore lunch. Shore lunch can be prepared for you lake side on an open fire or you may return to the main lodge to enjoy it in a relaxing setting.

# Location

Fletcher Lake Lodge is located fifty air miles north of Kenora Ontario. Kenora's harbor front is the home of our sea-plane base. Kenora is located one hundred and twenty driving miles north of International Falls, Minnesota and one hundred and forty miles east of Winnipeg, Manitoba. Driving to Kenora is easily accomplished as it sits on one of Canada's major highways HWY 17.

You are welcomed by our friendly and professional River Air charter pilots. River Air is a Transport Canada approved air charter service. Their well maintained fleet includes a Turbine Dehavilland Otter, Amphibious Cessna Caravan, Dehavilland Beaver, and Cessna 180 & 185. Friendly staff will assist you with your gear, parking & departure from Kenora.

Other travel options include; Kenora's airport which handles private or chartered aircraft. Winnipeg Manitoba and International Falls Minnesota have daily airline flights. Travel arrangements can be made to the seaplane base or directly to the resort with an amphibious aircraft. Call for details.
